

## Our Future

### Aboriginal Arts Worker Training Program

November 2025 | Arts Worker Bios

## Kyjuan Wesley

### Waringarri Aboriginal Arts

I grew up in Katherine, NT. I have always liked making art since primary school. I taught myself how to paint and draw. Making art keeps me calm and gives me focus. Once you are in it, you are in your own world. I like to paint everyday things around me. The things I see and feel. You can make art out of anything. Every artist sees in a different way. I want my art to inspire people to make their own art. In 2025 I was selected for the Kimberley Arts Triennial held in Kununurra and Broome. This was my first exhibition.

Kyjuan will complete the first part of the Our Future training program in November 2025.
